## JAPS HAMMERING AWAY

Another Bombardment of Russia's So-Called Impregnable Fortress of Port Arthur from which Little Damage Results.

### TROUBLE BETWEEN FRANCE AND JAPAN.

The Russian Populace Hate England and Would Like to See Russia Go to War with Her. King Edward Assures the Czar of England's Neutrality. Japs Rushing Thousands of Troops into Northern Corea.

[BULLETIN SPECIAL WAR SERVICE.]

#### King Edward and the Czar.

London, March 4.—The Russian Ambassador, Count Benckendorff, who returned to London from St. Petersburg, Wednesday, to-day visited King Edward and presented His Majesty with an autograph letter from the Czar. This was in answer to a letter sent by King Edward, in which in the most friendly terms, he emphasized Great Britain's complete neutrality during the war in the far east and he trusted that the Czar would pay no attention to the press reports intimating that Great Britain was not neutral nor to any unfriendly comments of the English papers.

#### Mysterious Visits

The Foo, March 4.—There have been mysterious night visits to this port during the past week by Japanese torpedo boat destroyers. Officers went ashore and proceeded straight to the Japanese consulate which is closely guarded.

There is still much confusion at Port Arthur. Russians show the utmost dislike for British and Americans.

#### Russian Army

St. Petersburg, March 4.—The Russian army in the far east will be 325,000 strong by April. Admiral Muksuroff has arrived at Port Arthur to take over the command of the naval operations. The Admiral Stark has been recalled.

Tokio, March 4.—Cossacks have seized the telegraph offices at Nish Yong and Anju Corea, and have imprisoned the head man of Anju and have carried off the local archives.

New York, March 4.—Six Jap cruisers escorting ten transports, have been sighted steaming in the direction of the gulf of Liao Lung, according to a cable to the World. From Chee Foo this movement is connected with the reported intention to effect a landing north of the middle bay. Owing to the heavy weather it is difficult to proceed. A big battle is expected.

#### Port Arthur Bombed

Tien Tsen, March 5.—Port Arthur has been bombarded by Japanese ships at intervals for three days, Monday, Tuesday and Wednesday; at first at fifteen kilometres distance from the forts and then at seven.

#### BOX SOCIAL

The youth and beauty of Peipar Lake and surrounding districts attended the box social at the school house on Wednesday night, February 24th, 1904. Several were also present from Edmonton. Mr. T. E. Ferret, inspector of schools, occupied the chair. The following programme was received: Chairman's address; Music, Mr. Herring; Song, Mr. Shillito; Dialogue, Herring; Recitation, Miss Tingley; Drama, Mr. Arabella's Poor Relations; May Pole Drill, by eight young ladies; Dialogue, Unwilling Witness; Drill, by eight boys, dressed in various costumes, Jap, Highlander, Indian, Uncle Sam, Clown, John Ball, N. W. M. P., Nigger; Recitation by Mr. Ferret; Combination Drill.

The tickets for the boxes were then sold at 50 cents each. As ladies were in the majority, some of the tickets called for a box and a partner, while others called for a box but no partner. There were not enough boxes to go around the crowd, though boxes were there, for all the tickets sold. Some getting blank tickets never called for their boxes, and later on

#### Russians Bottled Up

New York, March 5.—A special cable to the Sun from Sebastian says: "Admiral Sckrydloff, commander in chief of the Russian Black Sea fleet has received confirmation of the statements that the entrance to Port Arthur has been blocked to the extent of imprisoning three Russian battleships. Therefore, while the Japanese invest the outer roads the Russian cruisers and torpedo boats have no hopes of success should they attempt a sortie."

#### Hospital Ship

Seoul, March 5.—The Japanese hospital ship Kosaphas, arrived at Chemulpo, amid cheers, with a twelve foot red cross painted on it.

#### Japs Landing Troops

St. Petersburg, March 5.—According to information received here forty Japanese transports escorted by the Japanese fleet have been landing troops in Corea at Fusun and Chemulpo. It is stated that fully 100,000 men have disembarked and it is supposed that an immediate advance into north Corea is contemplated.

#### A Gloomy Outlook

London, March 5.—A despatch says: "We do not want to appear as alarmists, but we would be doing harm not good if we tried to conceal the fact that the present situation in regard to foreign affairs is one of considerable anxiety." The Spectator in a long article on the effect of the Russian and Japanese war on international relations between Russia and Great Britain, points out that the Russian feeling of resentment with Great Britain is steadily rising; the Russians being convinced that the British have been the chief cause of their difficulties by encouraging the Japanese to go to war. Without considering whether there is any truth in this view," continues the Spectator, "the important fact is that it is held by the Russian populace and that public opinion is in a state of excitement that war with Great Britain would be extremely popular."

It is thought that Japan may become embroiled with France over the Seoul Wigu Railway.

It is reported from Vladivostock that 100,000 Japanese have been landed at Fusun and Chemulpo.

The other items of the program were well received. Thanks were tendered to the ladies for the refreshments and to those taking part in the program. The audience expressed their thanks to the chairman by singing "For He's a Jolly Good Fellow." The program closed with the national anthem; but some of the couples brought together by chance seemed loath to part.

The Literary Society meets every Wednesday evening at 8 p.m. Everybody is welcome.

A special council meeting was held last night. The most important business transacted was the passing of three by-laws, the one restricting the localities in which livery stables may be constructed; another, the appointment of an assessor, and the third to raise \$50,000 for the extension of the electric light system.

The Edmonton senior hockey team have received the stick pins which they won with the Peter-on-the-Wall.

## PROVINCIAL CONTROL OF LANDS

The Winnipeg Telegram is the most vociferous advocate of provincial autonomy for the Territories. Why the Telegram should worry so much on this question is not altogether clear. At first sight, a remembrance of the campaign of Premier Roblin of Manitoba for the annexation of the eastern portion of the Territories to Manitoba will help to make the Telegram's purpose clear. In any readjustment of present territorial arrangements Manitoba hopes to profit by securing an extension of the provincial boundaries westward, and to secure a basis for a readjustment of subsidy which the province sorely needs, but which in its condition as a province it cannot get unless under some such circumstance.

In a recent issue the Telegram edits editorially with statement of fact made by the Bulletin as follows:

"First. That the Territories receive much more liberal financial consideration at the hands of the Dominion in proportion to population than do any of the provinces, and population is the basis of the subsidy."

"Second. That the increasing needs of the Territories by reason of increase of population, are met by a correspondingly increased subsidy, while the subsidies to the provinces have remained practically stationary whether the population increased, as in Ontario, or decreased, as in Prince Edward Island."

The Telegram does not attempt to deny that the position is as stated but goes on to argue that because of lack of provincial organization the Territorial government is failing to the federal government was some derived from the sale of Territorial lands. If provincial organization would necessarily give to the Territorial government the revenues derived from the sale of these lands without charge for development against them, there might be something in the Telegram's contention but the province of Manitoba itself, in which the Telegram is published and over whose provincial affairs the conservative government of Premier Roblin rules is evidence that provincial organization does not mean control of the lands and other natural resources of the province. The federal government owns controls and disposes of at will the public lands and other natural resources of the province of Manitoba just as it does those of the Territories. It will strike any one as being somewhat remarkable that provincial organization for thirty two years in Manitoba, under conservative rule for the greater part of that time, has not given provincial control over the lands of that province, the Telegram is trifling with the intelligence of its readers when it attempts to make them believe that provincial organization means provincial control of land especially under a conservative government.

The annual subsidy paid by the federal government to the province of Manitoba includes a federal sum of \$100,000 which is stated to be in consideration of public lands. But including this sum in the provincial subsidy Manitoba is still only getting fifty cents per head of population as shown by the last census for every dollar per head received in subsidy by the people of the Territories. Either the province of Manitoba has been settled with or her lands as she has not. If she has she is only getting half as much subsidy per head for lands as all of the Territories are now receiving. If she has not the Telegram will best show its honesty of motive towards the Territories by championing provincial control of the public lands of the province of Manitoba.

By the way an item in the demands of the Territorial government was a settlement for the Northwest lands granted by the federal government in aid of railways, some of which were outside the Territories. The total was nearly 40 million acres. These grants were all made by the conservative government. The Telegram has not yet given its opinion on this portion of the Northwest government's demands. It should be heard from when it gets time and breath.

## TENDERS WANTED.

Tenders will be received up to March 1st for the erection of a two storey frame building, 50 x 75. The lowest or any tender and most reasonably acceptable Plans and specifications may be seen at the office of J. E. Lubbeck's Library Stable. D 57 54 sh.

## FAREWELL BANQUET.

A very successful farewell banquet was tendered J. G. Harkness by the implement men in the Victoria hotel last night on the eve of his departure for Morningside. A large number of the implement dealers of Edmonton and Strathcona as well as several travellers were present. The tables were spread with the very best of good things and the proceedings were under the direction of the chairman, Mr. Thos. Bellamy. After the good things had been partaken of, cigars were passed round and speeches were given and songs rendered. The toast list was ably responded to and many were the good wishes expressed for the future welfare and success of the guest of the evening, Mr. Harkness.

## PAKAN NOTES

Pakan can now boast of a cottage hospital. Patients seeking admission will find the building fire house east of Messrs. Mitchell and Son's warehouse. The isolated wing for infectious cases will not be opened until the medical staff is increased.

Large shipments of goods are being received by Messrs. Mitchell & Son.

The organization of road districts is now the chief topic in our neighborhood. The new local improvement ordinance has caused general dissatisfaction, as the rate payers have no longer the option of doing their own road work, but are dependent on the will of the local council who may if they choose, accept all the money offered by the district among a few of their friends. This, in the mind of many, is a serious disadvantage. Many who were formerly included in the large local improvement districts think the new ordinance less than two evils, for now they may in some measure control the expenditure of their tax and each district thereby improve its roads.

Last Sabbath we were favored by a visit from Rev. A. R. Aldridge, B. A., of Fort Saskatchewan, who conducted much appreciated missionary services at Victoria and Lethbridge.

## ASTLEYVILLE.

Concert and Social was held at the residence of H. Astley, on Thursday evening, Feb 11th, when quite a number of people of the district and other districts gathered together, notwithstanding the severity of the weather. The concert was in aid of mission work. Rev. Mr. Rickard, kindly and very ably occupied the chair, and a very good programme was rendered. The accompanists were Mrs. Goulder, Mr. H. Brumfit, and Miss Edith Astley. The programme was rendered as follows:

Instrumental, Mrs. Goulder; Opening remarks (Chairman); Opening Missionary Hymn (Trio) Mrs. Astley, Miss Sellick, and Mr. Jones; Song, Mr. Goulder; Instrumental Trio, Misses Jones, Astley, and Brumfit, encore; Recitation, "The Angelic Husband"; Miss Sellick, Song "The Fairies"; Mrs. Astley; Violin Solo with Pianoforte Accompaniment, "Cavalier Rusticana"; Mr. C. Jones and Mr. Brumfit, encore; Drill chorus, "Britannia"; Miss Lewis, Master Dick Gibbons, Arthur Lewis Dan and Henry Beaureax, Albert, Stanley, and George Crull;

Recitation, Mr. Wray, Duet, by request "Gipsy Countess"; Mrs. Astley and Mr. Goulder; encore; Song "Idle Words", Mrs. Goulder, encore; Trio, Instrumental Meas Astley, Brumfit, and Jones, encore; Instrumental Selection, "Brown Jubilee March"; Miss E. Astley; Song, "Off to Philadelphia"; Mr. Goulder; Slab Dab, encore; Prayer in song by four little girls, and Mrs. Astley. The girls were, Miss E. Astley, Misses Helen and Hilda Turgeon, and Miss Gladys Crull.

After the programme, pies and cake were disposed of, by Mr. Goulder, very ably filling the capacity of auctioneer. We regret that Rev. Mr. deEasum, Mr. Hobie and Mr. Warren, and one or two others who were to have taken part, were unavoidably absent, chiefly through sickness and the very severe weather, but we hope to have them all with us on some future occasion. Mrs. Astley, wishes to thank all those who so kindly assisted in this noble work by baking etc., also those who so willingly assisted with the programme. The young people who took part in the drill and singing, may be specially mentioned, several of them appearing in public for the first time. Miss Lewis made a pretty representative of Britannia, and the soldiers in uniforms made altogether a very imposing scene. Miss Sellick also sang very creditably, and we hope to hear her again. After the sale of pies; Tea was provided and refreshments partaken of after which God Save the King was sung, and the company dispersed. The proceeds realized were \$27.50.

**TELEGRAPHIC.****A RAILWAY WRECK**

Another Wreck on the Canadian Pacific Railway. One Life Lost and Several Injured.

(Bulletin Special Despatch.)

Winnipeg, March 4th.—About two o'clock this morning two express trains left the tracks at Fort Station, about 100 miles east of Winnipeg. A man named Miganow who got on at Biscotasing was killed and six people more or less injured. It is also reported that a collision car was wrecked or burned. None of the passengers in the Pullman coaches were hurt and are reported safe. The road was cleared for service this forenoon.

**THESE FIGURES TALK.**

Splendid Statement of Revenue and Expenditure Under the Laurier Government.

(Bulletin Special Despatch.)

Ottawa, March 5th.—A statement on the revenue and expenditure of the Dominion was issued to day. The revenue for the 8 months ending with February, was \$45,628,790, an increase of \$4,425,304, over the same month last year. There was an increase of expenditure of \$895,024. The surplus on consolidated fund, was over \$15,000. There is however items of expenditure outstanding which will decrease this, but the out-look is that financially this will close with surplus of nearly \$2,000. This will permit of a reduction on public debt, which is already said, will wipe out every dollar that has been added during the term of the Laurier Government.

**SEEKING CORPORATION**
